Apply risk management processes – G1 (RIIRIS301E)

Overview:

This unit of competency covers the skills and knowledge required to apply risk management processes in the mining, drilling and civil infrastructure industry. This unit applies to individuals who contribute to applying risk management processes as part of their responsibilities. This could be an employer, line manager, supervisor, safety representative or employee. This unit applies to those who carry out or assist in carrying out risk assessment in the workplace.

Pre-requisites:

Participants must have access to a reliable computer with email and internet access and Microsoft Word.

Licence & Regulatory Requirements:

It is industry recommendation that participants who obtain these competencies complete recertification training every 5 years to maintain current and up to date with industry standards.

Units of Competency:

On successful completion participants will be issued with a Statement of Attainment with the following unit:
RIIRIS301E Apply risk management processes (G1)
